

Pure Wellness Joy

Everything we have — raw dump

June 5, 2026

What is it?

The wellness hub of **The Living Love Collective**. It's the consumer-facing side — education, products, community, daily practice. The place where people go to actually *do* wellness, not just read about it.

Tagline: **"Bring Wellness Home"**

Other names used: **Pure Wellness Love** (in footers / WellMade Foundation references)

Status: **Coming Soon — pre-launch**. Sign-up form is just UI, no backend.

What's on the site right now

It's pretty lean. Clean, but lean.

Hero

"Higher Vibrational Living" — Bring Wellness Home

"Learn to understand and care for your body and your family. Discover the power of connection and touch. Feel well every day — instead of waiting for something to break before you act."

"Wellness isn't what you seek when something breaks. It's how you live every day."

Three pillars:

- **Understand Your Body** — Your body speaks constantly. Learn its language, honor its signals.
- **Connection and Touch** — Human connection is healing. Intentional touch restores what the world wears down.
- **Everyday Wellness** — Not a destination. Small daily choices that compound into vitality, peace, purpose.

Dr. Jasmine — who she is

Dr. Jasmine Therese Esguerra, DC — Doctor of Chiropractic. Also **Mrs. Maui**.

"Optimizing the human biological experience through clinical mastery, somatic intelligence, and the Living Love Modality"
She's described as "the sovereign guide, face, and professional authority behind a growing ecosystem."
Her stuff:

- **Living Love Program — \$10,000** — immersive personal journey with Dr. Jasmine herself. "Deep, guided work."
- **Living Love Modality Certification — \$25,000** — professional certification for practitioners who want to guide others. Graduates join a "growing collective of certified facilitators."
- **Divine Leadership Summits & Retreats** — curated intimate gatherings for leaders/healers/visionaries. "Not conferences. Containers for transformation." Premium, extraordinary settings.
- **Clinical Somatics** — her chiropractic foundation. "Treats the body not as a machine to be fixed, but as a living system to be optimized."
- **Speaking & Media** — keynotes, panels, podcasts. Available for bookings.

Design direction (from Jasmine's emails)

May 25-27: Jasmine forwarded design direction:

- 5x5 Matrix framework
- Daily Pillar Bridge widget
- "Heaven and Earth" aesthetic
- Confirmed consolidation from 3 sites → (she wanted fewer, cleaner)
- Sites are built and aligned with her vision — no major changes needed from those emails

- Donate and Refer buttons don't go anywhere

- "Coming Soon" badge still up — needs a launch decision
- No email capture backend — just a button
- No meta tags, no favicon
- Very image-light — could use lifestyle/wellness photography
